FIND A REAL ESTATE AGENT

I hold myself to the highest standards of professionalism. I undergo regular training and compliance checks to stay up-to-date on changes in legal and administrative procedures. This ensures that you receive reliable and accurate guidance throughout the home buying process.

CUSTOMER SERVICE

I believe that customer service is key. I'm committed to providing exceptional service and answering any questions or concerns you may have. I treat my clients with the same level of respect and care that I would want for myself.

PREPARE YOUR FINANCES

DETERMINE YOUR BUDGET

Determine how much you can afford to spend on a home, taking into account your income, expenses, and debts. This includes not only the mortgage payment but also property taxes, homeowner's insurance, and home maintenance costs.

GET PRE-APPROVED FOR A MORTGAGE

This will give you a clear idea of how much you can afford and will make the home buying process smoother.

It's important to research and compare mortgage rates and terms from different lenders to find the best option for your financial situation.

PREPARE YOUR FINANCES

DOWN PAYMENT

The down payment is the initial amount of money paid by the home buyer to the seller to secure the purchase of the property. The down payment typically ranges from 10% to 20% of the home's purchase price.

IMPROVE YOUR CREDIT SCORE

A good credit score can help you secure a lower interest rate on your mortgage. Pay down any outstanding debts and avoid making late payments to improve your credit score.

**FIND YOUR
DREAM HOME**

START YOUR SEARCH

MAKE A LIST OF MUST-HAVES AND NICE-TO-HAVES

Create a list of features you need in a home, such as the number of bedrooms and bathrooms, location, and yard size, as well as features that would be nice to have, but are not essential.

RESEARCH NEIGHBORHOODS

Research the neighborhoods you are interested in, taking into consideration factors such as schools, safety, access to public transportation, and local amenities.

ATTEND OPEN HOUSES AND HOME SHOWINGS

Attend open houses and home showings to get a better sense of the homes you are interested in. Take notes and pictures to help you remember each home.

MAKE AN OFFER

Once you've found a property you're interested in, work with your real estate agent to submit an offer to the seller. Your offer should include the purchase price, contingencies, and any other terms and conditions you want to include.

PREPARE FOR NEGOTIATIONS

The seller may counter your offer with a different price or terms. Be prepared to negotiate and work with your agent to come up with a counteroffer.

BE FLEXIBLE

Negotiations may require some give and take. Be open to compromise and consider factors such as the condition of the property, market trends, and the seller's motivation for selling.

GET A HOME INSPECTION

A home inspection is an evaluation of the home's condition and structure by a professional home inspector. The purpose of the inspection is to identify any issues that may affect the value of the property or pose a safety hazard.

During the inspection, the inspector will evaluate the home's electrical, plumbing, HVAC, and other systems, as well as the roof, foundation, and overall structural integrity. The inspector will also look for evidence of water damage, pest infestations, and other potential issues.

Based on the findings, the inspector will provide a detailed report outlining any issues that were identified. This report can be used to negotiate with the seller for repairs or to adjust the purchase price.

FINAL STEPS

GET A HOME APPRAISAL

During an appraisal, the appraiser will consider various factors such as the home's size, location, condition, and comparable sales in the area. They will then provide an estimated value of the property based on their analysis.

Understand that the appraisal can impact your financing, as lenders use the appraisal to determine the amount they will lend you.

APPRAISAL CONTINGENCY

It is common for buyers to include an appraisal contingency in their purchase agreement, which allows them to back out of the purchase if the appraisal comes in lower than the purchase price.

APPRAISAL COST

The cost of the appraisal is typically paid by the buyer and can range from a few hundred to a few thousand dollars, depending on the type of appraisal and the size of the property.

HOMEOWNER'S INSURANCE

Be sure to obtain homeowner's insurance to protect your investment in the home.

PROPERTY TAXES

The appraisal can impact your property taxes, as the assessed value of the property is used to determine the amount of property taxes you will owe. If the appraisal comes in higher than expected, you may need to budget for higher property taxes.

CLOSE THE DEAL

REVIEW THE CLOSING DISCLOSURE

A few days before the closing, you will receive a closing disclosure from your lender that outlines the final details of your loan, including the loan terms, interest rate, and closing costs. Review it carefully to make sure everything is accurate.

CONDUCT A FINAL WALKTHROUGH

Before closing, conduct a final walkthrough of the property to ensure that any repairs or requested changes have been made and that the property is in the same condition as when you made your offer.

REVIEW AND SIGN CLOSING DOCUMENTS

During the closing, you will review and sign several documents, including the mortgage note, the deed of trust, and the settlement statement. Review them carefully and ask your agent or attorney any questions you may have.

PAY CLOSING COSTS

You will be required to pay closing costs, which may include appraisal fees, title insurance, attorney fees, and other charges.
